

March 19th Candidate Form
Survey Questions

Q 1. What is your vision for the East Troy Community?

As a Town of East Troy Supervisor, I would work with the Town Board to protect our rural identity as well as to conserve our lakes & natural resources.

Q 2. What makes an effective Town Board member?

Two characteristics define an effective Town Supervisor, a strong work ethic and the ability to listen. I have both attributes and I look forward to serving East Troy.

Q 3. What 'tools' from your personal and professional career will lead to your success as a Town of East Troy Supervisor?

I have been active in local government for my entire career specifically in Public Health Service. Recently I retired after 25 years as the Director of the City of Franklin Department of Health and Social Services. In addition I am a member or volunteer in several local Nature organizations. Through my profession and my hobbies I have learned how to work with people, set goals, achieve desirable outcomes, and frugally balance budgets.

Q 4. What is the Town Board's role in the community?

The Town Board's role is to establish a vision and direct a township mission based on direction by town residents. Therefore, the Town Board must provide fiscally responsible budgets that provide essential programs and services demanded by town residents. The Town Board also has a responsible to employ well trained, knowledgeable, and capable staff to provide these programs and services. Lastly, the Town Board should evaluate if the vision, mission, goals, budget, and employee performance are meeting the need of the Town of East Troy.

Q. 5. What is the most important issue in this election and how will you address it?

Overall, I believe the Town Board is meeting the needs of the township. However, there continues to be an under-toll that suggests the Town Board is not transparent or does not communicate well to the township residents. I was a member of the 2021 Town of East Troy Communication Committee that was formed to address communication gaps as well as to promote the township as a wonderful community to live. If elected, I would work to fully implement the Communication Committee recommendations.
